Camp Overview

Our goal is to empower campers to succeed by providing them with an incredible camp experience focused on learning, friendship, and fun. We deeply value and appreciate your feedback.

If you'd like to share insights about your child's time at camp, please don't hesitate to contact us — we're here to help make it a truly great one!

WHAT TO BRING

- **Water Bottle & Snacks:** We recommend that your camper brings a water bottle and a snack to camp, both labeled with your camper's name, that can be consumed during several breaks throughout the day. We are a **"nut-aware"** camp so if you choose to pack a snack and/or lunch each day, please do not send your camper with any nut products.
- **Lunch Options:** For campers who have purchased lunch, meals take place in the [Hoff Dining Commons](#) campus dining hall. Please feel free to contact us with any questions on dietary restrictions or dining inquiries.
- **Sunscreen:** We recommend that your camper bring sunscreen to camp each day for use. If you choose to send sunscreen and would like an instructor to assist your camper with applying it to their face, please authorize this during online registration or email your authorization to info@lavnercamps.com.
- **Cell Phone Policy:** Campers may bring cell phones to camp, but use is NOT permitted during the camp day except if there is an emergency.
- **Required Minecraft Account (Java Edition) for Camp:** If your child is attending a Minecraft Camp, your child is required to have a Minecraft Account (Java Edition) for camp. Please ensure that your child knows their login information before camp. If your child does not have an account, it can be purchased here: [Minecraft Account Java Edition](#). Please note, if your child plays Minecraft on a mobile device or tablet this is not a Java Edition Minecraft account and you will still need to have one for your child at camp.

Health and Safety

Lavner Education is focused on the health and safety of its camp community and works with its location partners to adhere to guidelines and policies promoting health and safety at camp.

- **Medical Conditions/Allergies:** If your camper has allergies and/or other medical conditions not already provided on their online registration form, you are responsible for emailing this information to info@lavnercamps.com and placing this information on your camper's online camper registration form by the Friday prior to the first day of your child's camp. Thank you for your proactive communication with our team to help ensure a safe camp environment!
- **Consent Form:** A camper may not participate in camp if their consent form is not completed/submitted by the camper's legal guardian. This section is found on pages 2-3 of the online Camper Registration Form.
